16. State Finals Ground Rules

1. One loop at each end. 3 legal head catches: around the neck, around the horns or half head (around the whole head minus 1 horn). A bridle catch will be considered illegal.
2. All headers at the California Chapter Finals must stay dallied as they face, and ropes be tight to receive a flag.
3. All women heelers may tie on at the Chapter Finals.

4. Heelers 50 years of age may tie on.
5. If a rope is caught on any moving part of the barrier or chute, the team will get a clean steer at the end of the go.
6. Crossfire – The head rope must be on the steer and controlled by the header and complete the switch before the heel loop may be thrown. If a steer stops at no fault of the roper, he must be in tow before the heel loop may be thrown. Any loop thrown in the switch is considered a cross fire, which is illegal. After the steer has made the switch once, it is catch as catch can.
7. When the steer crosses the line, he is considered yours unless you declare a broken horn and not throw your head loop and the horn is in fact, broken. If the horn is not broken, it will be considered a no time. If a steer falls down before he crosses the line, you will get a clean steer at the end of the go or rotation.

(a) The flagger has the discretion to award another steer if he feels the team did not have a fair opportunity to compete.

8. Any malfunction of the clocks or barrier will get you a clean steer at the end of the go or rotation.
9. If the flagger says of his own accord, he made a mistake; the team will get a clean steer at the end of the go or rotation.
10. Any questions about a time or flag have to be settled before the next team ropes.
11. There will be no interference calls. It is the team's responsibility to have the arena cleared before they call for a steer.
12. If a steer gets turned out in the high teams and the line judge/flagger says the header did not call for the steer, then a number from one to ten will be drawn by the timers and that many steers will be turned out and the team will have to rope the next steer in the chute. If the line judge says the header did call for the steer, then it will be a NO time! If a steer is turned out in any goes other than the high teams without the header calling for it, then the team will run at the end of the go or rotation. **If a steer falls down before he starts the clock, the team will get another steer with no penalties.**
13. Any arena flagger or line judge's decision is final.
14. Any abuse of horses or steers at the Finals will be a no time and/or disqualification from the Finals. Any unsportsmanlike behavior or language may result in the same action. Flagger's decision or director's decision is final.
15. There will be a dress code strictly enforced at the Chapter Finals and the awards ceremonies also. Short or long sleeve shirts with collars, western jeans, cowboy boots, cowboy hat or no hat. Failure to adhere to the dress code will mean disqualification.
16. You do not have to be present to receive awards, but ropers must make arrangements within 30 days to pick them up.
17. A broken barrier is a 5 second penalty.
